Mini-HOWs and HOW Show & Tell for May

We've lined up two mini-HOWs for our May 18th meeting and are hoping for a 3rd. Linford Sine will show us how to use a skew chisel, and give you a chance to try it yourself, while Ron Durr will be demonstrating inside-out turnings.

We will also have plenty of time to see what came out of the recent Hands On Workshops- so whether or not you are finished, please bring in your work from your HOW session and share it with everyone.

Next month, we have [Pat Kramer](#) coming in from Hawaii to show us some of his work- it's going to be great!

Events

Mtg. May 18th- 7:30

Making Bangles with Stabilized Wood

Barry Gross getting ready to turn a bangle and his finished product!

Other Selections

LOCAL ARTISTS RESPOND
TO THE MUSEUM COLLECTION

MAY 1-JULY 18, 2015

Barry Gross provided us with a great presentation on stabilizing wood with Cactus Juice and how he uses that wood to make some pretty fantastic bangles. To see pictures and a description of what he uses and just how he does it, [click here](#).

Check the [Photo Gallery](#) under the Events tab later in the week and we'll get Bill Rynone's picket placement demonstration and calculator posted.

From President Matt Overton

I'd like to host the club picnic on July 11th, with a rain date of July 12th, so I hope you will reserve those dates on your calendar. I've mentioned having a booth at this year's Middletown Grange Fair in August. I'll be away that week, but if we have enough interest and volunteers, we can still make it happen. Please let me know by email if you are interested or talk to me at the next meeting!

Mini-Lathe and Router Table for Sale

Mike Conner has a new lathe so he is selling his Jet 12-21VS lathe- it's only about a year old and in excellent shape. Included are the standard parts (spur drive, live center, knockout rod, 3" faceplate, 6" & 10" tool rests) and a 4" faceplate, curved tool rest and a 1" x 8tpi insert for a G3 Nova chuck. He's asking \$550. Contact Mike by email at mandmconner@gmail.com

Bill Strimel has a Bench Dog ProTop router table he's

helping the Ann's Choice Wood Shop sell. According to Bill it is better than new and can be had for \$125. A new one goes for \$300! Call Bill if you are interested at 215-672-6563.

NEW: AAW Connects Map

The AAW has launched a one-stop, web-based tool so you can search the globe for information about chapters, chapter events and demonstrations, regional symposia, woodturning schools, international woodturning organizations, and international symposia. [Check out AAW Connects here.](#)
